MILLBURY - Members of the Raymond E. Shaw Memorial Middle School Chorus, under the direction of Rocco Bruno, entertained the Millbury

Woman's Club on Monday, December 5 with a selection of Christmas carols.

DPU Hears Arguments Against Proposed Water Rate Hike

MILLBURY - Four residents attended a public hearing at the high school auditorium on November 29 on a proposed 18.5% rate increase from the Massachusetts American Water Co., owners of the town's municipal water system. Representing the Department of Public Utilities were Attorney Deidre Lawrence, hearing officer, and Paul Osborne, utility accountant. Attorney Thomas Tumilty of the Boston law firm of DiCara, Selig, Sawyer & Holt, and Mark Dana, manager of Mass. American, represented the water company.

Lawrence explained that the company filed the rate request on August 15 and that the DPU postponed the effective date of the new rates until March 1, 1989 to allow the department time to examine the proposed rates, to hear public testimony, and to investigate the books and records of the company.

According to Tumilty, the company provides water supply service to approximately 2700 residential, commercial and industrial customers throughout the town. In addition, they also supply service to public authorities and provide public and private fire protection services. Tumilty said that the company's profit and revenue increases of approximately \$181,000 represent an increase of approximately 18% over its current revenues. The company has estimated that an average residential customer would experience a \$7.75 increase in quarterly billing if the proposed rate increase were to be allowed in full.

Mass. American's last approval for a change in its rates came in September of 1984. Tumilty said that

Millbury Selectmen's Meeting Digest

Selectmen Sign Transfer Station Contract

MILLBURY - The November 29 Selectmen's meeting dealt with a wide variety of issues.

Capital Budget Committee

First on the Agenda was Gary Nelson, Chairman of the Capital Budget Committee, who came before the selectmen to seek their support. "It's the general opinion of the committee that some kind of capital budget committee is needed," Nelson said. "We're leaning towards leaving the committee as is." He said that last year the committee had difficulty arranging meetings but that the problems seemed to have been resolved.

Selectmen Chairman Jude Cristo commented that he was in support of retaining the committee to deal with a five year plan for capital expenditures. "Without a Five Year Plan," Cristo said, "we could get bogged down with a lot of capital expenditures all at once."

Nelson also told the board that his committee would like to follow the Finance Committee's recommendations at town meetings with their own.

Selectman Wynton Adams agreed, saying, "I have felt for some time that the Capital Budget Committee should have the authority to make recommendations on capital expenditures."

Nelson said that his committee was looking for support from the selectmen and that they plan to send letters to each department asking them to put together a five year plan for capital expenditures. He

also noted that he has contacted other towns to see how their capital budget committees operated and discovered that all towns generally do things the same way that Millbury does.

Roland Lachance called for the committee to interact with the Finance Committee and moved to endorse the Capital Budget Committee and the Five Year Capital Budget Plan. The motion was passed unanimously.

Police Business

Police Chief Ronald Stokowski brought in the re-appointment forms for Kevin Hartigan and Paul Lemoine which were signed by the Selectmen. The effective date for their appointments will be December 15.

A grievance was submitted to the selectmen which, because it involved an issue of security, could not be discussed in public. The selectmen then went into their first executive session of the evening.

Salaries in Annual Report

Following a return to open meeting, Officer Fred Vultor, President of the Millbury Police Union, came before the board with a request that extra work pay earned by members of the department be excluded from the Annual Town Report.

Vultor argued that some officers who take on extra work appear to be making salaries substantially higher than they are paid. According to Vultor, this gives an erroneous impression of their salaries and

makes negotiations difficult because of the false picture that the annual report gives. "The officers aren't paid by the Town for the extra work they do," he said, "and I don't think it should be included in the Annual Report."

Cristo at first suggested that the two sums be listed separately - salaries and extra duty - but when it was pointed out by Selectman John Donnelly that a 1974 town by-law stated that salaries must be listed as they appear on the W-2 form, Cristo said, "that doesn't leave us any flexibility."

The salaries will continue to be listed as they have in the past.

With reference to the Revolving Account Funds, Vultor explained that he has been told that officers should be paid within two weeks of extra duty.

Cristo replied that the selectmen have not come to a decision on that issue as yet.

N.E. Telephone Cable Reels

Board members asked about the cable reels being stored in public view at New England Telephone on Main Street. According to Cristo, the Telephone Company is beginning to look like a junk yard. "If they're just going to store junk in the downtown area," Cristo said, "I don't want to see them use the building for that." He asked

**You never know
when you'll
need insurance.**

Misfortune can strike a company at any time. Fire. Bodily or personal injury. Theft. Lawsuit. And if it does, you want an insurance agency that's ready to back you up. All the way. Right away.

At the Protector Group, we're doing that every day. For hundreds of companies right here in Central Massachusetts. From family owned stores to large institutions and manufacturing operations.

Our professionals specialize in helping companies of all sizes get the protection they need against fire, theft, product liability, even computer malfunctions and directors and officers liability.

For this reason, we've grown to be one of the area's largest independent insurance agencies.

So if you think your current insurance isn't all it's cracked up to be, call us. We're people helping people.

SELECTMEN from Page 3

Administrative Assistant Earl Chase to inquire about the reels and the intentions of the Telephone Company.

Marion's Camp

Cristo related information on the sale of Marion's Camp by the Campfire Council. He stated that he was told that the Council has not settled on an agent to handle the sale, but by the end of January or the beginning of February they will have updated their appraisal. He also informed the board that the Council is willing to make available a plot plan and a legal description.

Chase advised the selectmen to pursue the consideration of the plans if the selectmen plan to introduce an article on the Annual Town Meeting.

Cristo then said, "We need to know what Sutton is going to do. This board walked that property the day after Christmas. We need to know what their position is."

Lachance suggested that the town ask Representative Kollios to get involved. "I really believe that the town of Sutton or Millbury couldn't afford the purchase cost," Lachance said. "I would encourage the selectmen to write Kollios to inquire if the State could get involved."

Donnelly disagreed, stating that if the State became involved the site would be open to everybody.

After some discussion a motion was made and passed, 3-2, to contact Kollios.

Club License Regulations

James Morin, of the St. Charles Hotel, appeared before the selectmen and questioned the VFW's right to advertise that they are open to the public.

Chase said that he had spoken to Bob Weidman, Post Commander, and the issue is that the term "guest" falls under broad interpretation. Chase said that the VFW has already agreed to remove "Public Invited" from its ads.

Lachance said that he would rather have a representative from the VFW present to speak with Morin. It was agreed to have a VFW representative come before the board next week.

Center School

Chester Hanratty, Chairman of the School Committee, appeared before the selectmen to discuss turning the Center School over to the Town. It would cost the town between \$1,085,000 and \$1.2M to remove asbestos in the building. "When the price was quoted," Hanratty said, "it was a 'now price,' and it could go up."

During the discussion, it was explained that the building could be used for any purpose other than as a school, without having to remove the asbestos.

Hanratty also reported that rumor had it that the school could only be used as a school. "Stickney (former School Department Business Manager) researched it and couldn't find anything," he said.

To Lachance's question on the condition of the building, Hanratty replied that it had been insulated ten years ago and that storm windows had been installed. "There's nothing wrong with the plumbing that we know of," he said.

The building will be turned over to the town at the beginning of the next fiscal year.

The selectmen then went into executive session for the second time.

Transfer Station Contract

Upon returning to public session, Richard Dwinell, Chairman of the Transfer Station Building Committee, brought copies of the contract for the

construction of the transfer station. He was joined by George Mulholland of Mulholland Construction Company, the contractors who will be building the transfer station.

Dwinell read a letter which explained that there was one change made in the contract, which changes the number of days for the work to be completed from 200 to 260 because of the lateness of the season. He stated that Town Counsel had been sent a copy.

The Selectmen then voted unanimously to sign the contract. While the selectmen were signing the contract, Transfer Station Building Committee member Peter Boria asked if the Selectmen or town counsel had read the contract. When Cristo replied that they had not, Boria asked, "Do you think it's right if someone signs a contract without reading it?"

Cristo replied that the contract was some 1,000 pages long and it would take some time to read it. "Town counsel will review it," Cristo said, "but for expediency I think we want to sign the contract tonight."

Solid Waste Management Advisory Committee

After the contract had been signed, the selectmen continued their deliberation of the composition of a solid waste management advisory committee. At the previous week's meeting, preliminary discussions focused around a seven member committee. This number was the starting point of the discussion.

Gauthier suggested a seven member committee composed of a representative from the selectmen, the board of health, and five other members.

SEW EZ Craft Program

MILLBURY - The Millbury Public Library, 128 Elm Street, will offer another "SEW EZ" craft program for children in grades three and up on December 14 at 3:30 p.m.

Children must bring their favorite knee socks with them to the library. Sew EZ elves will show them how to decorate their knee socks to wear with their holiday outfits.

Register early for this program by calling 865-1181.

Books Available in Activity Rooms

MILLBURY - Residents at the Centerview, Pearl Street, and Colonial housing complexes will find a new collection of Millbury Public Library books in their activity rooms. These collections feature many popular titles including mysteries, romances, general fiction and large print books.

Remember to return your selections to the activity room when you finish your reading. Collections will be changed again on March 20, 1989.

Girls Club Announces Holiday Events

WORCESTER - The Worcester Girls Club will offer the following holiday events to members and their families:

Winthrop House Highlights - Saturday, December 3, Flea Market, 9 a.m. to 1 p.m., rain or shine. Rent a table for \$6.00 at 125 Providence Street.

Thursday, December 8, Country Dinner Theatre, 6-9 p.m. for members and families. Cost is \$2.00 per person, which includes dinner and the show. "Li'l Abner" will be performed by the Peter Pan

Players.

Friday, December 16, Swim Team Holiday Party at 6:30 p.m.

Friday, December 23, Holiday Party Around the World from 3:30-5:00 p.m.

Lincoln House Highlights: Thursday, December 22, 3:30-5:30 p.m., Annual Holiday Party, crafts, show, pictures with Santa.

Girls Club Plans Co-Ed Vacation Week

WORCESTER - The Worcester Girls Club will offer a co-ed program for children in grades K-6 and girls in grades 7-12 during Christmas vacation week, December 27-30, from 9:30 a.m. to 3:30 p.m. An extended day program is available from 7:30 a.m. to 9:30 a.m. and from 3:30 p.m. to 5:30 p.m. Call Winthrop House at 755-9525 or Lincoln House at 752-6075 for more information.

Below are events that will take place during vacation week:

Winthrop House - Wednesday, December 28, trip to Edaville Railroad, 1:30 p.m. to 7:30 p.m. Space is limited. Extended day available from 7:30 a.m. to 1:30 p.m.

Lincoln House - Tuesday, December 27, Popcorn at the Movies at 1:30 p.m.

Wednesday, December 28, Roller Kingdom Trip in Hudson, Massachusetts, from 12:30 to 3:30 p.m.

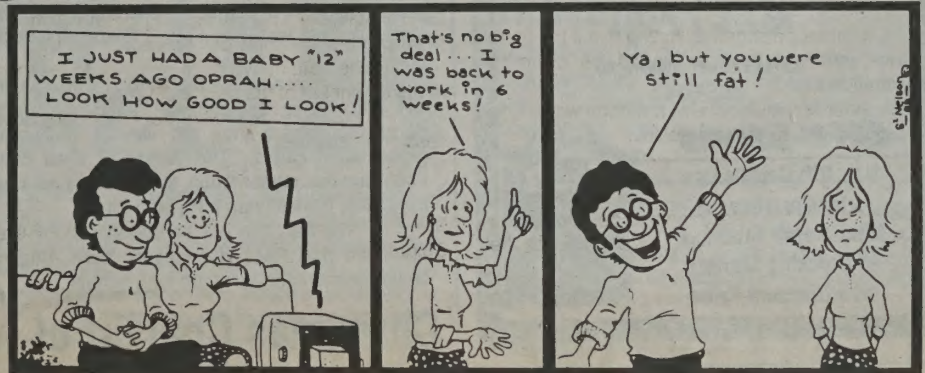

Thursday, December 29, Dress-Up Party, 50's, New Wave, Hippie, etc., from 1:30 to 3:30 p.m.

Friday, December 30, Happy New Year's Party, 1 p.m. Pretty Young Things dance group will perform at 2:00 p.m.

Prize Winners Announced

GRAFTON - Sassafras, Inc. of North Grafton, has announced the winners of the prizes offered during their open house held in November.

First Prize, a doll house valued at \$150, was won by Ray DiGregorio of Worcester.

Second prize, a large food basket filled with soup, bread, pasta sauce, dessert mixes, and chocolates, valued at \$70, was won by Gina Raymond of Northbridge.

Third prize, a gift certificate from the shop, valued at \$10, was won by Rosalie Baroni of Millbury.

Sutton Students to Tour State House

SUTTON - On Tuesday, December 13, the Sutton High School Senior American Government classes will go on a field trip to Boston. They will meet with representatives Richard T. Moore and Jack Driscoll, and take a tour of the State House. The tour will include visits to the House of Representatives, the Senate, the Hall of Flags, the Speaker's chambers, and historical instruction by a State House tour guide.

After visiting the State House, the students will adjourn to the Bunker Hill Pavilion, time permitting, where they will view a multi-media presentation called, "The Whites of Their Eyes." Following this presentation, the students will board the U.S.S. Constitution for a brief tour.

The field trip will be supervised by David Muradian and Paul Henrickson, both American Government teachers at the high school.

Christmas Concert of Handbell Ringing

WORCESTER - A Christmas concert of handbell ringing will be given at Our Lady of the Angels Church, 1222 Main Street, on Sunday, December 11 at 4 p.m. Sponsored by the Arts at the Angels series, the Wheeler School Concert Handbell Ringers of Providence, Rhode Island will perform on a five octave set of handbells, a total of 61 bells.

The Concert Handbell Ringers is composed of ten high school students who are accepted into the ensemble by audition. Their director is Daniel K. Moore, chairman of the Performing Arts at Wheeler School. Moore is also a member of the American Guild of English Handbell Ringers and serves on both the local and national boards of that organization. Moore has presented clinics on handbells in

education for national and local workshops and has been the massed ringing conductor for several handbell festivals.

The Concert Handbell Ringers have performed at local and national handbell festivals, most recently at the Eastern National Festival at Ithaca, sponsored by the American Guild of English Handbell Ringers. On their first extended tour last Spring, the Ringers presented concerts and workshops in New York and Ohio. The Ringers have also participated in two recordings of Christmas music. The first, called "Inside Fessiwigs," is a recording of traditional carols performed by 12 string guitar, concertina, oboe, fiddle and handbells. The second recording, released this fall, is with the world renowned Empire Brass Quintet. This recording features traditional and original arrangements of Christmas music performed by the Quintet, harpsichord, percussion, and the Concert Ringers.

In addition to a repertoire of traditional Christmas carols, the Ringers will perform a Bell Fanfare by Carl Wiltse and Improvisations on J.S. Bach's "In Dulci Jubilo."

The concert is open to the public and a free will donation will be taken. For more information, call 791-0951.

Bereaved Families Invited to Attend Support Group

WORCESTER - The happiness of the holidays is often mingled with sadness for the surviving families of children who have died.

The Worcester Chapter of Compassionate Friends, therefore, invites all bereaved families to attend special support groups on December 13 and 20 at 7:30 p.m. each evening in the Lee Room of the First Baptist Church, 111 Park Avenue.

A special candlelight ceremony will be held on December 20.

Compassionate Friends is a world-wide organization that offers understanding, sympathy, and friendship to bereaved parents of all races and faiths. Brothers and sisters of children who have died are also encouraged to attend Compassionate Friends' Siblings Groups on the same evenings.

For more information, contact Linda Casey at 839-6390.

DEADLINE

The deadline for all submissions to the Millbury-Sutton Chronicle is 12:00 noon on Saturday of the week prior to publication.

Insurance Forum

Local insurance representatives have agreed to share their knowledge and expertise in a column entitled, "Insurance Forum." The articles will address current insurance issues and changes. The contributors encourage readers to submit questions which they might have. All questions should be addressed to: Insurance Forum, Millbury-Sutton Chronicle, 59 Grafton Street, Millbury, MA 01527.

Today's article was written by Paul Metzger, President of the Whitney Insurance Agency, Elm Street, Millbury.

At 6:45 p.m. on November 25, 1988, a major earthquake, measuring 6.0 on the Richter Scale, struck 90 miles north of Quebec City, Canada. Most of us in Central Massachusetts discussed it over the weekend as a curiosity, but soon dismissed it, secure in the knowledge that earthquakes are a California phenomena. WRONG! According to Geologist Dr. John Ebel of the Weston Observatory and Boston College, the northeastern section of the United States is one of the most active areas for earthquakes east of the Rocky Mountains. "Statistically, New England can expect an earthquake reaching a magnitude of 6.0 on the Richter Scale at least once every 30 to 50 years," Ebel said.

Significant damage can occur near the source of an earthquake registering a 5.5. Because of this, it is very important to know that homeowners insurance policies and standard business property policies do not provide coverage for damage caused by earthquakes. Earthquake coverage is readily available and can be added to a Homeowners policy for about \$.35 per \$1,000 of coverage. The cost for

houses constructed of brick or other masonry materials would be slightly higher. The standard deductible for earthquake coverage is 5% of the limit of liability and is subject to a \$250 minimum. Rate reducing credits are allowed for higher deductibles.

Talk to your insurance agent to see if earthquake insurance should be considered as part of your protection portfolio.

Member of Westfield State Football Team

WESTFIELD - RunningBack Jeff Roberts, son of Gloria and Paul Schimke of Elm Court in Millbury, was a member of the 1988 Westfield State football team that posted a 5-4 record for its third consecutive winning season under head coach Jack Murdock.

The Owls, who won their last three contests, placed second in the South Division of the New England Football Conference with a 4-2 record.

One of their losses was a disappointing 13-7 setback to divisional champ Worcester State. The Owls should be competitive again next year as they lose only eight seniors.

Jeff, a Freshman Physical Education major at Westfield State, is a graduate of Millbury Memorial High School.

Let's All Go Christmas Caroling

MILLBURY - Join the Millbury Public Library, 128 Elm Street, and its merry "singers" on December 16 at 6:30 for their second annual wassailing program. Everyone is invited to join in singing their favorite Christmas carols while strolling down streets in the vicinity of the library.

The gathering place will be the rear entrance of the library at 6:30. Hot cider and cookies will be served at the evening's end. Children must be accompanied by an adult.

This program is sponsored by the Friends of the Millbury Public Library.

Homecoming Christmas Party

BLACKSTONE VALLEY - Blackstone Valley Heritage Homecoming, Inc. will hold its 2nd annual Christmas Party at T.J.'s at the Uxbridge Inn on Wednesday, December 21, with cocktails at 6:30, followed by dinner at 7:00 p.m.

Featured will be a deluxe Italian buffet, entertainment, door prizes, raffle, and an auction.

Ticket prices are \$10 per person (tax and tip included). This event is open to the public and reservations must be made on or before December 14.

Reservations may be mailed to Dorothy Hetherington, Treasurer, West Street, Uxbridge, MA 01569. Make checks payable to B.V.H.I., Inc.

SELECTMEN from Page 4

Adams said that he felt strongly that a member of the board of health should be on the committee, the operator of the landfill, a commercial hauler, someone with a financial background, someone familiar with the resource recovery facility and, he said, "Donald does have a point about having a selectman on it."

Cristo then suggested that the number of committee members be increased to nine. He said that the goal of the committee was to study how to manage solid waste and to work with the consultant.

Lachance then asked who will be running the transfer station. "It's not a landfill, not a dump; who runs the transfer station; whose jurisdiction?"

Donnelly replied, "The Board of Health."

"May I remind the Board," Lachance responded, "when we were seeking members for the Solid Waste Committee, the Board of Health refused to participate - didn't want to send a member."

A motion was made to establish a nine member committee. It passed on a 4 to 1 vote.

The board will make a decision on the members of the committee December 13.

Earl Chase was asked to outline duties for what will be formally called the Solid Waste Management Committee.

Municipal Parking Lot

In other matters, Donnelly noted that the municipal parking lot was in poor shape and he asked Chase for an update. Chase replied that not much was going on because of the status of the state budget.

Donnelly requested that Highway Surveyor Joe Chase be asked to fill the holes with gravel.

Dorothy Pond Restoration Project

In response to an inquiry on the disposition of the Dorothy Pond Restoration project, Chase told the selectmen that the State has been holding up the project.

The Board then went into its third executive session of the evening, and this reporter went home.

Breastfeeding Class

WORCESTER - The Childbirth Education Association of Central Massachusetts, Inc. will hold a Breastfeeding Class on Thursday, December 15 at 7:00 p.m. in the Basement Conference Room at St. Vincent Hospital, 25 Winthrop Street.

The purpose of this class is to provide education about the physiology and techniques of successful breastfeeding. Maternal nutrition, the role of the father, possible breastfeeding problems and their solutions, and nursing discretely away from home will also be discussed. Both parents are encouraged to attend.

The class is free to couples enrolled in C.E.A. Prepared Childbirth classes; the fee for non-class members is \$5 per person/couple. For more information, call C.E.A. at 791-7229 or Audrey Silveri at 829-3641.

The Childbirth Education Association is a non-profit organization dedicated to serving the community in all aspects of family-centered maternity and pediatric care.

Thank You...

The family of Fraser A. Moss wishes to express their deepest gratitude to all friends, relatives, Lions and Lionesses for their concern during our recent tragedy. The overwhelming kindness and support shown us by the people of Millbury, Sutton, and surrounding towns will never be forgotten.

Laurie Moss

What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. Black trousers and a recreation-area formal ball?

and a

2. A fellow's destiny and a sports-enthusiast's spouse?

A and a

3. An adversary's threshold rug and a female deer's plan?

A and a

4. Canoeing adulation and a drifting dry cell?

and a

ANSWERS: 1. Dark pants and a park dance, 2. A man's tale and a fan's male, 3. A foe's doormat and a doe's formal, 4. Boating flattery and a floating battery.

Millbury Pack 109 Cub Scouts Hold "Toys for Tots"

MILLBURY - As a learning experience to teach scouts the true meaning of Christmas by giving to those less fortunate, Cub Scout Pack 109 will participate in a "Toys for Tots" drive.

Anyone wishing to donate a new, unwrapped toy for the drive may do so anytime between now and December 20.

Toys may be left at the Millbury Federated Church, 20 Main Street, or at the North Grafton Post Office, 191 Worcester Road, North Grafton.

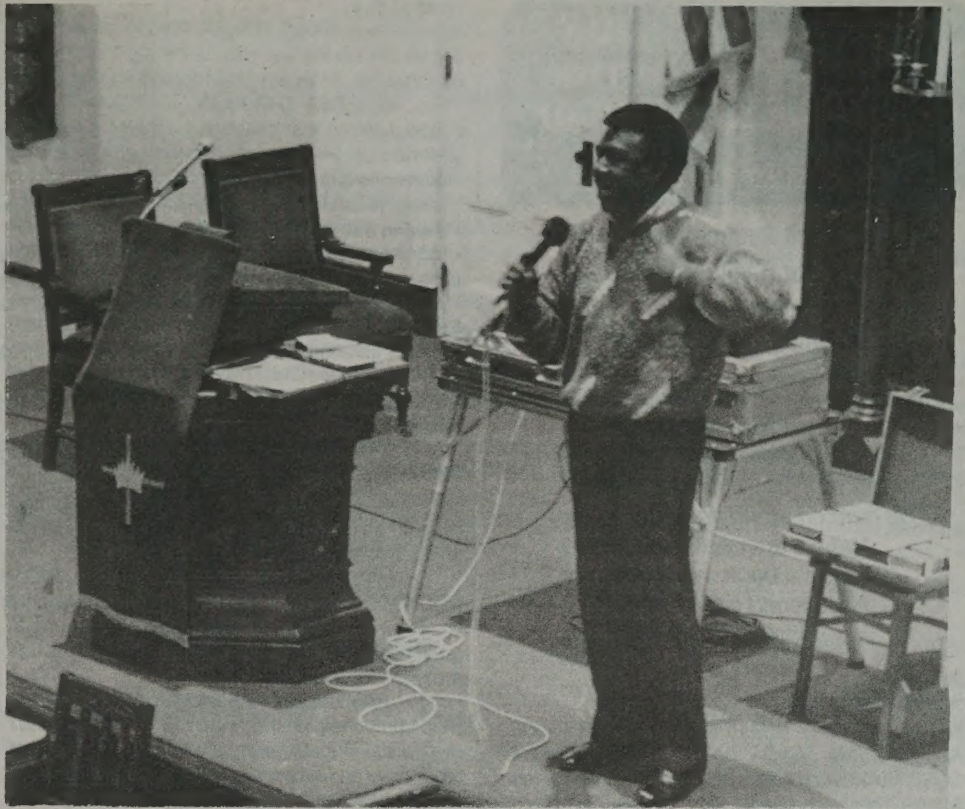

Your generosity will be greatly appreciated.

Millbury Parents' Club

MILLBURY - The Millbury Mothers' Club has now become the Millbury Parents' Club. Membership has been extended to all interested fathers, mothers, grandfathers, grandmothers, uncles and aunts.

Those who join by December 31, 1988, and active members, will qualify for student scholarships. Those who join after January 1, 1989 will not qualify for the 1989 scholarship fund.

Anyone interested in joining can contact Marie Gengarelli or one of the following board members: Diane Lagor, Linda O'Neill, Debbie Harris, Anne Desmond, or Diane Richardson.

MILLBURY - The Millbury Federated Church hosted a concert by Bob Thompson on December 2. Thompson is well known in the area for his music ministry.

Book Suggestions For the Giving Season from the Millbury Public Library

*He ate and drank the precious words,
His spirit grew robust;
He knew no more that he was poor,
Nor that his frame was dust.
He danced along the dingy days,
And his bequest of wings
Was but a book. What liberty
A loosened spirit brings!*

- Emily Dickinson

FOR ADULTS

THE ULTIMATE ENTREPRENEUR: THE STORY OF KEN OLSEN AND DIGITAL EQUIPMENT CORPORATION by Glenn Rifkin and George Harrar, \$19.95. This is the candid story of both Ken Olsen and the inner workings of one of Massachusetts' biggest and most progressive employers, Digital Equipment Corporation.

BIRD, by Lee Daniel Levine, \$17.95. A biography of our own Boston Celtics' Larry Bird, the greatest basketball player of all time.

GRACIE: A LOVE STORY, by George Burns, \$16.95. This is a loving and fitting tribute to one of our most beloved female comedienne, Gracie Allen. George Burns tells her onstage, backstage, and

offstage story.

THE DARK TOWER, by Stephen King, \$10.95. This is the first volume in King's epic tale of dark fantasy. A "must read" for King readers.

SHINING THROUGH, by Susan Isaacs, \$18.95. A World War II saga that follows the life of an all-American working girl and her growth into a woman of action and courage.

MITLA PASS, by Leon Uris, \$19.95. A writer's struggles with his heritage and two loves that results in adventure and self-discovery. From the bestselling author of **EXODUS** and **TRINITY**.

BREATHING LESSONS, by Anne Tyler, \$18.95. In her unique style, Tyler explores the many facets of a marriage that has endured half a lifetime. Another bestselling novel by the author of **ACCIDENTAL TOURIST** and **DINER AT HOMESICK RESTAURANT**.

CHRISTMAS ALMANAC, by Irene Chalmers, \$24.95. This beautifully illustrated book captures the spirit and tells the story of Christmas past and present. It also includes practical how-to information on the celebration of the holiday season.

AMERICAN HEART ASSOCIATION COOKBOOK, 4th ed., \$17.95. This long-time favorite is a must for those concerned about their family's good health. It contains over 550 tested recipes that are good for your heart and home.

RAND McNALLY ROAD ATLAS, 1989, \$6.95. Help someone plan their next trip with this popular road atlas. Updated annually to include the latest road maps and mileage charts of the United States, Mexico, and Canada, as well as other current travel information.

FOR MIDDLE GRADES AND YOUNG ADULTS

ANNE OF GREEN GABLES, by L.M. Montgomery, \$12.95 hardcover or \$2.50 paperback. A classic in children's literature written in 1908 and still popular today. Anne is a youngster of eleven who, in her short lifetime, has already faced many problems, one of which involves her difficult

relationship with her stepmother. (Grades 5-8)

BUNNICULA: A RABBIT TALE OF MYSTERY, by Deborah and James Howe, \$2.95. This is the first book in a comic trio of novels featuring Nightly the Cat. Here, Nightly faces Bunnicula the vegetarian (of question) vampire bunny. (Grades 4-6)

SOUNDER, by William H. Armstrong, \$2.95. This novel is set in the rural South and tells the story of the life of a poor black sharecropper and his family. (Grades 6 and up)

ARE YOU THERE, GOD? IT'S ME, MARGARET, by Judy Blume, \$12.95 hardcover or \$3.25 paperback. The story of twelve-year-old Margaret and her woes of approaching adolescence. A book that all adolescents can identify with. (grades 6-8)

THE MARTIAN CHRONICLES, by Ray Bradbury, \$14.95 hardcover or \$3.95 paperback. A sci-fi classic by one of today's best sci-fi writers. This is the story of what happens when man is forced to escape to Mars. (Grades 7 and up)

THE LORD OF THE RINGS TRILOGY, by J.R.R. Tolkien, \$13.95 boxed set. This ever popular fantasy trilogy is a saga about good and evil in the mysterious Middle Earth. Other titles in this trilogy are **THE FELLOWSHIP OF RINGS**, **THE TWO TOWERS**, and **THE RETURN OF THE KING**. (Grades 7 and up)

APRIL MORNING, by Howard Fast, \$3.50. This is an historical novel that appeals to young adult and adult readers alike. It's about a young man's initiation into war during the American Revolution's Battle of Lexington. (Grades 7 and up)

FOR YOUNG CHILDREN

ISLAND BOY, by Barbara Cooney, \$13.95. The story of life on a New England coastal island. (preschool)

BLUEBERRIES FOR SAL, by Robert McCloskey, \$11.95. A true children's classic from one of our most beloved children's authors. This is a story of the adventures of a little girl and a baby bear. Both

Sutton to Host Annual Jail and Bail for March of Dimes

(don't miss this golden opportunity to send your boss/employee, husband/wife, son/daughter, friend/enemy, etc., etc., etc., TO JAIL!!!!)

WORCESTER - The Worcester Division of the March of Dimes Birth Defects Foundation is gearing up for its 1988 Millbury/Sutton Jail and Bail to be held at the Sutton Elementary School on December 15 and 16 from 10 a.m. to 5 p.m.

Scores of civic leaders and ordinary citizens face arrest for even the most minuscule charge - like eating too much chocolate or taking too long for lunch. Each will do a stretch of one hour in the "slammer" as part of this fund-raising benefit for the March of Dimes fight against birth defects.

If you have a spouse, friend, or co-worker you would like "arrested," the March of Dimes will be happy to comply. As long as the accused agree to participate, a phony warrant will be prepared and the Sutton Police Department and the Worcester County Sheriffs will be picking up the "prisoners" for delivery

to the mock jail at the Sutton Elementary School. Once there, a judge will set bail and the prisoners will be placed in jail. The next hour will be spent calling friends to raise bail money in the form of pledged contributions to the March of Dimes.

If you would like to spend an hour in the slammer for a good cause, or if you think you'd like to volunteer as one of the ruthless "judges," give the March of Dimes a call at 799-9245.

The March of Dimes Birth Defects Foundation is a non-profit voluntary health organization. This year, the March of Dimes celebrates 50 years of leading the fight against birth defects through public and professional health education programs, community outreach programs and grants for scientific research and medical services.

Committee Seeking Signatures on Petition

MILLBURY - The Millbury Charter Study Needs Committee is currently seeking signatures on a petition to put the question of a Charter Commission on the ballot for the annual town election. These petitions have been left in many town stores and committee members are also in possession of petitions. If you require further information or have any questions regarding the petition, contact any one of the following committee members: Chairman, Nancy Prior; Secretary, Charlotte Townsend; Gary Nelson; Judith O'Connor; Raymond Lee; and Gerald Bleau.

Travelogue Series

MILLBURY - The Millbury Public Library plans to offer a three-part travelogue series to be held at the library

in January, 1989. Currently they are looking for input from community members on the types of travelogues they would enjoy attending.

If you would like to be a part of the audience for this upcoming program, or would like to offer suggestions, call Ann Humes at 865-5071.

Council on Aging Singers to Perform at Galleria

The Millbury Council on Aging's "Sing-A-Long Singers" will perform at the Worcester Center Galleria on Wednesday, December 14, from 5 to 7 p.m., under the direction of Chris Caputi.

The Council hopes that many Millbury residents will stop by to listen to the group's Christmas melodies.

WATER from Page 1

the rates allowed at that time primarily reflected a level of costs experienced by the company in 1983. "In the five years since," Tumilty said, "the company has experienced increases in operating costs ranging from employee wages to office rent." According to Tumilty, the company has also increased its investment in utility plants over that same period.

Present to speak in opposition to the rate hike was Diane Chapman, of

\$240 and \$260 per year.

"I think it's great to have town water if the town water is fine," Chapman concluded, "but when people come into your homes and say 'My God, what's the matter with this,' it's really disgusting."

Roberta McMahon, of Sutton Road, also complained about the quality of the water, calling it "very, very bad." "I've lived in Millbury for six years," she said, "and I bought a brand new home. I have stains in the toilets, I have stains in the tub, and it's from the iron in the water." McMahon also said

I don't mind paying increases in everything that we have, but I do feel that something should be done in our area to improve the water quality. - Roberta McMahon, Sutton Road resident

Laurel Drive, who complained about the quality of the water in her area. "My feeling about the water," she said, "is that it's terrible."

Chapman also took issue with a \$167 figure for the average water bill. "For a family of two," she said, "my bill comes to \$206.00. The reason being that the water has so much iron in it that to clean your dishwasher you have to double clean it. To clean your dishes to get the stains off, you have to double clean it. Our clothes are disgusting because of the water. I have to buy water to drink, and I really feel if you want to raise our bill then you should do something so our water is more appropriate for us to drink and to use so it doesn't ruin everything that you're using." Chapman also said that she had spoken to other residents and found that most bills average between

that her average water bill for a family of four is approximately \$213 a year.

McMahon went on to say that she had thrown away a set of dishes because she thought the brown spotting on them was a result of age. "I found out that it was from the iron in the water and the brand new dishes now look the same way as the other dishes did," she said.

"I don't mind paying increases in everything that we have," McMahon argued, "but I do feel that something should be done in our area to improve the water quality."

Hilltop Drive resident Joe Bianculli reported that the water in his area is "excellent," but argued against the rate hike. "As far as the 18.5% increase," he said, "I was a little astounded at this. About 14 months ago," he continued, "the Wheelabrator

Judging from the turnout at the public hearing on a proposed water rate hike, is it safe to assume that, with the exception of the few who did attend the hearing, everyone is in favor of the hike?

plant came on line and they're being serviced by the Mass. Water company. Their usage per day is about 900,000 gallons, which almost doubled the usage by the town of Millbury. Prior to their coming on line, I believe the usage

18.5% increase is "out of line" at this time. "I thought perhaps we could ride the wave with the profit that they're making on the additional water supply to Wheelabrator," he said.

Responding to Bianculli's

My feeling about the water is that it's terrible. - Diane Chapman, Laurel Drive resident

was around 1.1M gallons per day. With the event of them coming on, it's about 2M gallons per day."

Bianculli maintained that Wheelabrator's water usage should have increased the profits of the water company. "They certainly must be making some profit on the additional 95% more water usage to Wheelabrator since last September," he said. Bianculli added that he felt an

statements, Tumilty said, "It's certainly correct that the Wheelabrator plant has come on line. I'm not sure that they're actually drawing 900,000 gallons a day, I thought it was 6-700,000 gallons a day. Unfortunately, as with the water supply, while it increases revenues for the company it also increases the

company's expenses as well." Tumilty maintained that the increased revenues from the Wheelabrator contract partially offset what might have otherwise been a larger increase. "But they weren't sufficient to put us in the position to negate a rate increase," he said.

Tumilty then explained that the DPU will look over the revenue estimates that Mass. American has presented to the department to determine whether the projected earnings from the company's current customers are accurate and whether they will allow enough revenue from current customers to offset some of the increase they are seeking. "I ask you to keep in mind," Tumilty said, "that Wheelabrator is a large customer with a significant increase in demand and revenue for the company. But there's only one event that has led to the need for a rate increase, keep in mind that the company hasn't been in for a rate increase in four years. We're trying to recoup some of the increased level of expense that stretches back four to five years. Wheelabrator may tend to offset some of that but it doesn't completely eradicate it."

Tumilty also said that the DPU will review the financial consequences suffered by the company when the Grafton portion of their system was taken by eminent domain last February. "That had some negative financial consequences for the company," Tumilty said. "We lost customers and revenues but we also

lost some of the associated expense. We have not been able to reduce our fixed costs to the point where it's been an equal trade-off so in some sense we're now saddled with a slightly higher level of expense than we otherwise might have had."

Bianculli then asked Tumilty if the 18.5 increase applied to all classifications and if Wheelabrator was

"The discoloration problem is something naturally occurring in the water and it's only treatable through the construction of a major treatment facility. There is not one anywhere in the town; it's not proposed as part of the budget increase. - Attorney Tumilty, representing Mass. American Water Co.

part of the industrial classification. "Wheelabrator is classified as one of the industrial customers," Tumilty said. "The company is charged the same rate as all the other industrial customers in town. In a general sense, the 18.5% increase applies to all customers. The way it's done is to look at what the total revenue increase is that we're seeking. We apply it across the board to each customer. It varies depending on each customer's use of water."

Tumilty was also asked if part of the increase would go to improve the quality of the water in certain areas of the town. Tumilty replied that the company is mainly attempting to recover ongoing operating costs associated with the everyday operation of the company. "There is some amount that's reflected as capital expenditures for the company," he said. "The company has a capital

budget for every year which it plans to cover certain capital expenditures such as main replacements or main extensions. There is no current plan that I'm aware of for the construction of a treatment plant to deal with the iron and manganese problem."

Commenting on residents' concerns over the discoloration problem, Tumilty said, "The

replied, "You may want to hire a chemist to check your water specifically."

Chapman countered, "It's not just mine; it's the whole area."

Tumilty then suggested that Mrs. Chapman make an appointment to discuss her problem with Mass. American Water Co.'s chemist. "The company is aware of the discoloration problem. We know what's causing it. It's just that the answer to the discoloration problem is, very expensive. The revenues that a company of this size currently earns would not support the kind of dollars that would be required for a treatment plant construction. That's a major investment for a company this size."

Tumilty maintained that the company is making the best effort it can to provide quality water. "By quality water," he said, "I mean water that is meeting all the safe drinking water standards formulated by the EPA and by the State DEQE. We're talking about a problem that is certainly disconcerting to a homeowner who has to look at laundry or stained fixtures, but it does not pose a health problem. The quality of water has consistently passed all the monitoring of state agencies."

Another public hearing will be held in Boston on December 29, at which time the company will present the testimony of experts who will present the books and records of the company and the financial information required by the Department to support the rate increase.

Around The Town & Golden Agers Update

By Lillian C. Sheehan

Well--looks like Millbury has taken a new lease on life--the Common has lost its drab look with the "Tree" up, full of bright lights, and the shrubs decorated. Even the trash buckets are covered with "Christmasey" paper. Last, but not least, the creche, which reminds us of the true meaning of Christmas.

MILLBURY GOLDEN AGE CLUB: all members are planning to attend the annual Christmas Party at the VFW Hall on Tuesday, December 13. Please note: the time on your ticket is not correct - dinner will be served at 7:30 following the cocktail hour. And, as usual, there not be a meeting on that day.

Vice President Marie Lavoie is in St. Vincent Hospital, and Grace and Tifful Ekstrom are both ill at home. Let's keep those cards coming! Loraine Colarusso, Golden Age Club's Treasurer, is home recuperating from a successful operation. "Best Wishes" to you all!

CENTERVIEW APARTMENTS: with Christmas creeping up on us, Helme has a Christmas party planned for Saturday, December 17; more details later.

LINDEN APARTMENTS: Edith Army wishes to convey the tenant's appreciation to the Lions Club for the delicious Spaghetti Supper served at Linden recently.

COLONIAL APARTMENTS: Alma Ethier, secretary at Colonial, extends sincere "Thanks" on behalf of all the tenants at Colonial to the Lions Club for the delicious Spaghetti Supper which they were served on Tuesday, November 29. They appreciate what the members of the Lions Club did to make a very enjoyable evening.

ST. BRIGID'S WOMEN'S CLUB: The December meeting of St. Brigid's Women's Club will open with a Mass at 7 p.m. The Rev. Thomas Markey will be Celebrant. Members are reminded to bring a gift for the Offering. Please mark whether for "Man", "Woman," or "Child." These will be distributed at the Bishop's dinner for the needy.

Following the Mass, the business meeting will take place in the Church Hall, with Madeline Hartline presiding.

The Greendale Retired Men's Club Chorus will present a program.

Rita Howard and Irene Louis are co-chairing the meeting and they will be assisted by the following: Alda Carney, Stella Cullina, Thelma Eaton, Loretta Jensen, Celina Leblanc, Bertha Lee, Angie Lynch, Margaret Matthews, Claire Matson, Ann Morkunas, Pat Norton, Phil Piscitelli, and Irene Sullivan. There will not be a meeting in January.

~ It's just as easy to look for the good things in life rather than the bad.

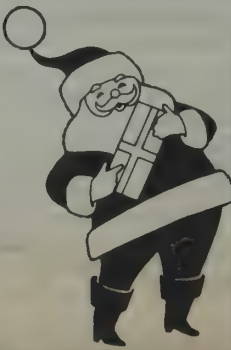

~ Worry is the interest paid on trouble before it becomes due.

~ A wedding ring is like a tourniquet - it stops your circulation.

~ Don't worry, it may never happen.

~ It's what guests say as they pull out of the driveway that really counts.

~ Middle age is when you know all the answers and nobody asks you the questions.

Planning Board Approves Conditions for Rte. 146 Earth Removal Project

MILLBURY - The Planning Board's November 28th meeting was occupied, for the most part, by a presentation of a list of 44 conditions pertaining to earth removal on Rte. 146 by Spire Realty and Development Corporation of East Windsor Connecticut. The earth removal is in anticipation of a mall identified at a previous Conservation Commission meeting by Sutton developer George Lamothe as having approximately the same footprint as the Auburn Mall, but being two stories.

Discussion and explanation of the list of conditions does not imply that the Special Permit will be granted. It is, rather, a formal process that the Planning Board must follow before the board begins its discussion and votes on whether or not to grant the permit.

Present to respond to questions from the board were: Attorneys Stephen Burwick and Henry Lane; Terry Supple, representing Spire Realty; George Lamothe, a co-

petitioner; Greg Valiton, engineer with Cullinan Engineering, and William Haynes, President of Explosives Engineering.

Anna Lewandowski, Chairwoman of the Planning Board, began the meeting by asking for some background information on Spire Realty.

Terry Supple, project manager, explained that Spire has its main office in East Windsor, Connecticut and is involved in single family and residential subdivisions, and commercial sites up and down the Eastern coast. Supple also said that Spire has developed several office buildings throughout New England and other parts of the country. "In Newington, Connecticut," she said, "we have constructed and built 462 condominiums, townhouse-style, over a period of eight years." Supple also explained that the Newington project is on a 65-acre site that required a lot of

blasting.

Other Spire projects mentioned by Supple included the following: a 258 condominium/townhouse project in South Windsor, Connecticut; 92 single-family homes in a project called "Stonybrook" in Manchester, Connecticut; a 60,000 sq. ft. office building in East Windsor Connecticut which is the site of Spire's main office; and a 35.9 acre site, currently under development at the rear of the office building.

In addition, Spire owns, manages, and operates a 176-unit townhouse development in Erlanger, Kentucky, an 80,000 sq. ft. office building in Rochester, Minnesota, and a nine story, 280,000 sq. ft. office building in High Point, North Carolina. Supple said that Spire is about to purchase 21 pieces of property in Winston/Salem, North Carolina with major tenants such as Federal Express, Southern National Bank, and R.J. Reynolds.

With respect to mall development, Supple explained, "There are major mall developers throughout the country, at most 25, that do major development. For anything of that nature, we have to employ and take advantage of the expertise of someone alongside of us. Anytime we need expertise in another field, we have to go to people in that field. We have done malls in the scale of approximately 300,000 to

somewhere in the vicinity of 1 million square feet," Supple said.

In response to a question about Spire Realty specifically, Supple explained, "Spire Realty Corporation is comprised of two individuals: Mr. Edward Lapidus and Mr. David Glasier. Combined, they have the expertise to do all of the projects I mentioned and also to purchase all of the projects; they have tremendous financial backing. They joined together approximately a year ago. Prior to that each had their own corporation and they decided between the two of them that they made a very good pair. Mr. Lapidus has been involved in Connecticut operations for thirteen years and spends a great deal of his time and work in Connecticut, whereas Mr. Glasier is involved in entities throughout the country."

The board then moved sequentially through the conditions, those dealing with safety and mining operations drawing most comments and questions. The list of conditions fell into four categories, though not sequentially: blasting, excavation, removal, and conservation and reclamation.

With respect to blasting, prior to any work beginning at the site, chain link fences of six and eight feet in height having a two foot, 45 degree

PLANNING from Page 16

barbed wire top must be erected around the entire project. Supple said that Spire intends to provide additional security at the site if it is needed.

Board member Terry Burke Dotson asked that Spire look into having smaller mesh to make it more difficult for children to climb the fences even though the 45 degree barbed wire top will prevent anyone from climbing over the fence. Dotson also suggested that Spire look into erecting a solid metal interlocking barrier similar to those constructed along highways, but members of the board and Spire representatives argued that barriers of that nature could actually heighten curiosity rather than discourage it.

Another condition states that the applicant must adhere to Massachusetts General Laws pertaining to blasting. Explosives Engineering President William Haynes noted that all blasting comes under the jurisdiction of the fire chief. Prior to blasting, the blasting contractor must appear before the Planning Board for review of blasting procedures. Haynes stated that he would like to review the procedures with the Fire Chief before he comes before the Board, adding that seismic monitoring will occur as the blasting proceeds. "Quite often," Haynes said, "the fire chiefs will come out and witness the (seismic readings) themselves." The Planning Board will have the authority to approve or deny these procedures.

Prior to blasting, the applicant must agree to test the quality and

quantity of all wells within 500 feet of the blasting area. No blasting will occur within ten feet of the water table.

The applicant must also inspect the Shaw and Elementary Schools prior to blasting and record their findings. The Town shall be named as an additional insured on a general liability policy covering damage resulting from the blasting site. The limits of the policy will be \$1,000,000 per incident.

The actual blasting and earth removal operation must occur in not more than ten phases, with the active earth removal occurring in an area not to exceed ten acres.

Blasting must occur only when school is not in session. Haynes said that blasting will be done after school, Saturdays, and on half days. "I can comply without any problems," he said. Daily operations will be from 7:00 a.m. to 5:00 p.m., Monday through Saturday.

If earth removal or blasting is determined to be a distraction to the abutting schools or to the Emmaus Spirituality program for Priests, Inc., the Town Planner or the Planning Board can design compatible working hours for the earth removal.

The next category which the list of conditions addressed is excavation. No excavation will be allowed closer than 50 feet to Rte. 146 unless specifically permitted by the Planning Board and not closer than 30 feet to neighboring lot lines. No blasting may occur closer than 50 feet of a neighboring lot line. In addition, at least a 50 foot width of undisturbed ground must be retained along the parcel's

frontage on Rte. 146. The existing trees may not be disturbed, and new trees must be planted to provide a screen of the excavating area.

Prior to any work beginning on the site, a six foot fence with a two foot barbed wire top must be erected around the sedimentation basin. Attorney Lane asked that this condition be eliminated, maintaining that the entire construction area will be fenced off and that eliminating the fence would make it easier to remove accumulated sediment from the sedimentation basin. Board member Dotson argued that this basin could be dangerous to children if they trespass onto the property. Cullinan Engineering representative Greg Valiton explained that the basin, which is 80 by 160 feet, is designed to run-off and would only be full during a storm. According to Valiton, the basin has a depth from 4' to 9' feet and would only be filled to nine feet in the event of a serious storm. The water would then run out of the basin. According to Lane, "By and large, there will be no water in it, and in a normal storm, there will be four feet of water."

Town Planner David Hulseberg advised the board that if one of the members felt this item was important, the board should require it. Dotson felt it should be retained and the applicants agreed to construct it.

In another condition, it was stated that excavation must begin at the southerly most point and that no work can begin before the Orders of Conditions is issued by the Conservation Commission.

The applicant must also

commit to semi-annual formal reviews of the excavation. These reviews to occur at the first April and October meetings of the Planning Board.

With respect to earth removal, the Board listed the following conditions: trucks may leave the site only between 8:00 a.m. and 4:00 p.m.; all loaded trucks must be covered to prevent spillage, and any spillage must be cleaned up by the applicant. The Town Planner or the Planning Board may also require periodic street cleaning by the applicant.

The conditions also noted that the Town's safety officer will have authority to approve all routes which the trucks will travel, and he will further have authority to rescind such approval should the routes impact safety. Board members questioned this condition as previous discussions indicated that the mined material would leave the site by rail and would not have to access Rte. 146. Attorney Lane said that this provision was to try to cover all contingencies which might arise. Attorney Burwick added that it is Spire's intention to transport most of the material by rail because that method is the most economical and cost effective. However, should some local or town project desire to avail itself of materials, the town wanted such a contingency covered. "Rail is the quickest and most expedient method to remove materials and the vast majority of material will go by rail," Burwick said. The conditions also state

PLANNING from Page 17

that on weekdays loaded trucks may leave the premises only between 8:00 a.m. and 4:00 p.m.

With respect to access roads, the conditions state that all access roads must be constructed at an angle to public ways or with a curve to help screen operations from public view. Dirt roads on-site must be treated with calcium chloride or watered on a regular basis to diminish the dust. The Town Planner or the Safety Officer will determine what "regular basis" is.

One quarter of the list of conditions deals with conservation and reclamation. The applicant must agree to file a Notice of Intent with the Conservation Commission and meet all of the conditions of the Commission. The applicant must also agree to meet with the Blackstone River and Canal Commission prior to beginning work. In addition, they must provide access to the Millbury Historical Commission, upon request, and agree to notify the Commission should any archeological remains of significance be found and agree to cease and desist working in the area should any finds occur.

Cynthia Burr, Chairman of the Historical commission said, "I guess I'd like some assurance that if a bulldozer finds something of some significance, we'll be notified." The applicants agreed.

The conditions also stipulate the following: stumps, debris, etc., will be stored in a designated area and not buried on the premises; all topsoil and subsoil stripped from the gravel operation area will be stockpiled for use in restoring the area after the operation is completed for each phase; the retained subsoil and topsoil will be spread to a minimum depth of four inches, limed and reseeded; trees and shrubs will be planted in order to provide screening, reduce erosion and provide for natural beauty.

A bond must be posted before each phase is begun. Following excavation, ground levels and grades will be establish as shown on the plans.

The condition relating to the slope of the excavation brought a question from Lewandowski. "How do we know," she asked, "that a 1 to 4 slope won't collapse?"

Valton replied that the slope will be composed of hard rock and will be terraced. Lane added that the project is designed to cover five years,

and, if a problem develops in Phase 1, there will be five years to reveal it.

Board member Dotson disagreed, stating that she thought the excavation would create a cliff which could injure children at a later date.

With respect to run-off, the conditions state that all run-off from the disturbed site must be channelled and collected into a sedimentation basin which must be fenced and regularly cleaned. The water being discharged from the basin will be tested during storms averaging 1/2 inch, not more than four times a year.

The Planning Board has also built in conditions to accommodate unforeseen contingencies. One item stipulates that the Planning Board may impose additional conditions if it feels reasons justify modifications and amendments. The applicant may also change the conditions of the permit with the approval of the Planning Board.

With the discussion completed, Anna Lewandowski asked for a motion to accept the 44 conditions. The motion was made, seconded and passed 4 to 1. She then asked if there was a motion to accept or deny the permit. A motion was made to deny but did not receive a second.

The motion will come up again at a future meeting.

Give a memento that is truly unique and truly personal, something that will be enjoyed and appreciated long after it is received.

Meeting Notice

MILLBURY - Due to the Christmas holiday, the Millbury Planning Board will not hold its bi-monthly meeting on December 26, 1988.

The Planning Board will resume its regularly scheduled meetings in January, 1989.

Fire Department and District Nursing Society Join Forces to Sponsor Food Drive

MILLBURY - The Millbury Fire Department, in conjunction with the Millbury District Nursing Society, will sponsor a food drive on Saturday, December 17 and Sunday, December 18, from 8:00 a.m. to 4:00 p.m. The collected goods will be distributed among the area's needy families during the holiday season.

All food items, both perishable and non-perishable, may be dropped off at any one of the four fire stations located throughout the town.

Any donation, however large or small, would be greatly appreciated. By donating, you will be sharing a small portion of your Christmas with someone less fortunate.

Locations of the fire stations are as follows: Fire Headquarters, Elm Street; Engine Company #2, West Main Street; Engine Company #3, Grafton Road; Engine Company #5, Millbury Avenue.

If you have any questions, call Francis King at 865-4885 or Paul Mardirosian at 865-1249.

Kollios Announces new Device for Disabled

BOSTON - Representative Paul Kollios (D-Millbury) recently announced that the Department of Public Welfare has issued regulations which will allow Medicaid to pay for personal emergency response system (PERS) coverage. "PERS" will allow a vulnerable elder or disabled person at home alone to summon help by pressing a button on a small device worn as a pendant on the wrist. The button activates a telephone dialer which calls a hospital or other previously designated emergency response center.

Kollios, an active co-sponsor of legislation to make PERS a Medicaid reimbursable service, said he was pleased by the Welfare Department's initiative. "PERS helps elders and disabled people feel more secure in their homes, and gives their families peace of mind. PERS is also cost effective. If an elder falls and can summon help quickly, they have a better chance at a quick recovery," Kollios said.

Interested persons should contact the Information & Referral Department of their local home care agency for the name of the nearest PERS provider: Elder Home Care of Worcester (Auburn), 756-1545; Tri-Valley Elder Services (Millbury, Oxford), 764-2501.

Students to Participate in Central District Band

MILLBURY - Millbury High School has announced that two students have been accepted to participate in the Central District Band. Wendy Stead, daughter of Mr. and Mrs. Ronald Stead of 9 Beach Street, will participate as an alto clarinetist.

Sarah MacConnell, daughter of Mr. and Mrs. Donald MacConnell of 199 Millbury Avenue, will participate as a clarinetist. She was also recommended to audition for the All State Band.

Preview Night and Auction

WHITINSVILLE - A preview night and auction will be held in the workshop at Alternatives, 56 Douglas Road, from 5-9 p.m. on Friday, December 9. Among the items for bid via a "Silent Auction" format are: get-away weekends, Celtics' tickets, ski passes, dinner certificates, and original oil paintings. Admission is free and proceeds will benefit Alternatives' work with the mentally disabled. For more information, call Paul Richard at 234-6232.

Holiday Fair

WHITINSVILLE - A holiday fair, featuring a special appearance by Boston Red Sox Manager Joe Morgan, will be held in the workshop at Alternatives, 56 Douglas Road, from 9:30 a.m. to 4:30 p.m. on Saturday, December 10. Morgan is scheduled to appear between 10 a.m. and noon. The fair will also feature a Santa Village, baked goods, candy shop, kids' corner, white elephant table, and a giant raffle. Admission is free. For more information, call Paul Richard at 234-6232.

Parents Without Partners to Hold Dance

WORCESTER - The Worcester Chapter of Parents Without Partners will hold an open dance on Friday, December 9, at the P.N.I. Club, Millbury Street. The dance will run from 8 p.m. to midnight. General admission is \$4.

Parents Without Partners is a non-profit organization.

Selectmen Stress Neighborliness in Barking Dog Compromise

By Terry Barnicle

SUTTON - The November 29 Selectmen's meeting was held with Chairman Mike Chizy and members Mary K. Connor, Carl Licopoli and Wally Johnson present.

Police Department Change

During a Workshop Session held at 7:30 p.m., Town Administrator Dexter Blois submitted a letter regarding the retirement of Lt. Alger from the Police Department, effective December 31. In the letter, Blois said that, with the agreement of Police Chief Conley, it was decided that the town would be best served by creating two sergeant's slots in lieu of filling the lieutenant's position.

The following reasons were listed for this decision:

- The Police Department consists of only 12 full-time personnel, including the Chief.
- Two additional sergeants will provide staff supervisory coverage for all shifts.
- In the absence of the Chief, on the short-term, the shift sergeant will be the officer-in-charge, conferring with the Chief as needed.
- On a long term absence of the Chief, the senior sergeant will be appointed officer-in-charge of the department. If an acting chief is needed at that time, one can be appointed.
- Four sergeants will allow more personnel to become familiar with the administrative operation of the department, making a smoother transition when Chief Conley retires.

Blois noted in the letter that it was not his intention to eliminate the position of lieutenant at this time but to have it as an unfilled and unfunded position.

The projected savings from the proposed change would be as follows: FY '90, \$5945; FY '91, \$4452; FY '92, \$2794.

The board will have to hold a public hearing on the proposed administrative code change.

Barking Dog Complaint

The regular meeting began at 8:00 p.m., with a public hearing at which the board received the sworn testimony of John Millette of Burke Lane on a Nuisance Complaint against Jesse Ellis of Old Boston Road, the owner of a golden labrador. Millette complained that Ellis' dog runs free at night and on weekends.

Ellis responded that he has moved the dog's house as far away as possible from the Millette's home and that another neighbor's dog may share the responsibility for the annoyance.

The board decided that Ellis must allow his dog out only after 8 a.m. on weekdays, 9 a.m. on Saturdays, and 10 a.m. on Sundays. They also told Ellis that he must keep his dog in after 6 p.m., everyday. At other times, the dog may be out only when accompanied by the owner. On weekends, the dog must be accompanied by the owner at all times, and at all times must be restricted to the property.

The selectmen suggested that the solution

to the problem of all barking dogs in town is neighborly consideration.

Change of Manager

The board accepted a change of managers on the liquor license of the Blue Jay Restaurant to Kathleen Willette of 22 Main Street, Manchaug.

Special Town Meeting

A Special Town Meeting has been scheduled by the Selectmen for Wednesday, January 18, at 7:30 p.m. at the Town Hall.

Dangerous Intersections

The board next considered an update of the dangerous intersections in town. They voted to install a "Stop" sign at the Stone School Road/Dudley Lane intersection temporarily, until the problems at this intersection are solved. They also appointed an ad hoc advisory Highway Safety Study Committee, composed of the Police and Fire Chiefs, the Highway Surveyor and the Town Engineer. The committee will study and develop solutions for all dangerous intersections in town.

Adjournment was voted at 9 p.m.

A Bit of History.... by Grace Laffash

MOUNT SAINT JOSEPH'S INDUSTRIAL SCHOOL

Because it is our town's 175th birthday, I would like to share a bit of history with you.

In 1900, Rt. Rev. Msgr. Thomas Griffin of Worcester purchased land on Park Hill (probably the site of the Clearview Country Club). Mount Saint Joseph's Industrial School was built as a shelter and educational facility for homeless Roman Catholic boys. It was staffed by the Xaverian Christian Brothers who provided a dual education, academic and vocational.

Photo courtesy of Grace Laffash

At the Museum Education Building, Nicole Horton, Jason Charest, and Meghan Brenner grate cheese.

MILLBURY - Sandra Nearguaard's fourth grade class at Assumption School took its annual field trip to Old Sturbridge Village recently. During the museum activity, a one hour, small group hands-on experience, one group made apple pancakes and the other, cheese toast. In the classroom session, they each made a little booklet and wrote with a quill pen.

The children then toured the village, concentrating on the mills, Pliny Freeman Farm, Potter Shop, McClellan Law Office, and the Asa Knight Store.
